Parent Testimonial

USHA RANI

I have been a part of BPS family for the past 11 years, as my kids Tanvi (Grade 10 SVN) and Karthikeya (Grade 3 BPS) are studying here. I intentionally chose this school because it is well known for the holistic development of its students in both curricular and co-curricular activities.

All these years I observed that this school promotes the values of our rich cultural heritage while equipping the students with 21st century skills.

During these years of journey with BPS I have always found the management and the staff working hard towards the betterment of my kids. The teaching and non-teaching staff provides the kids individual attention and educational support. I am thankful to the chairman Mr. T.V.R. Koti Reddy garu for helping my children in boosting their confidence levels. I will always be thankful for the positive impact of BPS on my children.

As a parent I am really thankful to all the teachers and the school for all the love and care they show towards my kids. I would like to wish all the dedicated teachers a Happy Teachers Day.

Thank you
